## Homework Challenge Grid – Spring 2018

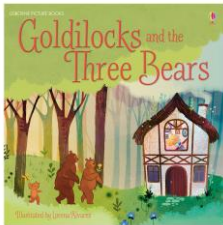

Our topics this half term is 'Into the Woods.' Creative homework is a long term project designed for parents and children to work on together. We ask that you do the middle square and then two activities either side to form a straight line or diagonal. You should upload your creative projects to Tapestry!

We understand that for many families, time is limited, but please do make sure that you share a book/read with your child EVERYDAY.

I hope you have fun completing these challenges together!

Practise doing buttons up on a coat or top. See how fast you can do them.

See if you can write a sentence to describe something you might see in the woods.
