Monday 6th February

Dear Parent/Carer,

Homework booklet – Key Stage 2

On Friday the 10th February, your child’s class teacher will be introducing a new maths homework booklet.

The booklet contains some key number facts that your child needs to practise on a regular basis so that they become **known facts** they can recall from memory automatically.

The teachers will be going through how you can support you child with learning maths facts. The meetings will take place in the school hall, at 9.00am and will last for 15 mins.

Please join your child in their class at this time, it is important the children understand they are responsible for learning these facts, we need your support with this.

If you have more than one child the homework booklets will follow the same strategy but will be at a relevant level for each.

Thank you for your support,

Mr D Wagstaff
 Director of Learning for Maths
