## **WATERMAN PRIMARY SCHOOL**

### **School Information Report**

#### **Our School Ethos**

Waterman Primary School aims to provide a caring, learning environment, rich in stimulation which will meet the needs of all pupils. The school fosters the pupil's academic, emotional and physical development, in order for each child to reach their full potential. All staff have a high expectation of all pupils and all staff share in working with children with SEN within the school. We ensure equal opportunities, where we aim for every individual learner to receive the very best provision possible to meet their needs. The main emphasis is on integrating and accessing these pupils to the National Curriculum and broader curriculum through a whole school approach.

#### **How we work with families and our pupils**

If you would like to discuss your child's progress please speak to their class teacher first. The SENCo, Joanne Collier, is also available to speak to either before or after school or through appointments made at the office. We work closely with parents and carers as we recognise this leads to the best outcomes for learners. We will make sure that before your child starts at the school, we find out all the information we will need to know from you and work with you on an individual transition programme. We welcome your views and comments as part of our partnership with you and ensure we have both informal and more formal ways on involving you.

Informally through:

- an open door policy
- home/school book
- celebration assembly
- class assemblies
- social events

More formally through:

- your child's EHC plan
- termly progress review meetings
- annual full reports and termly mini reports
- parent appointments

- survey of parents views

### What we can offer you

Waterman Offers	Literacy	Toe by toe Extra differentiated phonic sessions Precision Monitoring Daily reading Speech and Language sessions Talk Boost Elklan trained staff Lego Communication Gym Trail Talking Partners Tuition Booster sessions with qualified teacher
