

Acorn Class welcomed parents to join them for their Outdoor Learning Workshop, Wellie Wednesday.

As with any pre-planned outdoor event the British weather was cold, wet and windy; just right for some puddle painting to help with our core strength and fine-motor control.

Parents and children made Leaf Kebabs and Rainbow cakes in the Mud Kitchen.

They wrote their own recipes too!

The parents learned a bit more about the benefits of outdoor learning and its impact on learning, self-esteem and on mental and physical health.
