HEARTS ACADEMY TRUST

9th October 2023

Dear Families,

We are very excited to inform you that we will be further expanding our provision to support our children with additional needs. Following the successful refurbishment of the sensory room we now have the opportunity to develop a bespoke space that will support children with a range of additional needs. This purposefully designed environment will enable children to have a personalised, planned curriculum and to experience a range of sensory and outdoor provision in order to support their development.

These exciting changes will involve a change of classroom setting for some of our children in year 1 and 2. As you are aware, we are fortunate to have an additional classroom that can be utilised for this purpose. This classroom is located opposite the children's current classroom and contained within the main school building. Children are all familiar with this space.

As from Thursday 12th October we will be looking forward to inviting year 1 and year 2 children into their new classroom. Entrance and exit at the beginning and end of the day will be at the side door to the school where the other year groups enter. As always, there will be member of staff to greet your children.

We thank you for your continued support as we strive to meet our children's needs in the best way.

Yours Sincerely,

Karen Collison
Head of School
